7" Weathered Split Shake, Pale Amber 804

STUNNING REPLICAS OF NATURAL
HAND-SPLIT CEDAR

Staggered Shake

Split Shake

For an authentic cedar appearance and ultra-low-maintenance, HOME ACCENTS Split Shake and Staggered Shake siding are ideal. Our vinyl cedar Shakes feature random patterns for incredibly realistic aesthetics, giving every home distinctive beauty.

Our Shakes provide extraordinary durability, retaining their original flawless look for life. Unlike natural cedar, our panels won't crack, rot, fade, buckle, or splinter.

A breeze to install, our Shakes come in a variety of rich colors. They add the warmth and appeal of hand-split cedar and the enchanting beauty and detail of cedar grain, transforming homes.

SPLIT SHAKE

- ▶ With hand-split cedar's allure, Split Shake has random grains and grooves.
- ▶ Deeply textured for contrast between shadow and light, this profile has a 7" exposure.
- ▶ Shakes also come in Weathered Collection™ colors for genuinely weathered looks.

STAGGERED SHAKE

- ▶ Dramatic cedar grain detail, uneven patterns, rough-sawn edges, and varied widths create richness.
- ▶ This boldly textured profile offers 7" and 10" exposures.

For traditional siding that stands the test of time and the elements, HOME ACCENTS Shingle and Perfection Shingle are historically accurate, extremely durable solutions that will look as beautiful decades from now as they did the day they were installed. Available in timeless colors, our Shingle panels never require painting or staining.

Transcending centuries, Shingle and Perfection Shingle resemble the real cedar shingles used on houses built in the 1800s. They feature naturally textured surfaces and edges, plus mill saw marks for authenticity. Designed to endure weather extremes, our panels are not vulnerable to wood's problems, such as splitting or warping from moisture.

SHINGLE

- ▶ Narrow-sawn Shingle has textured surfaces and random mill saw marks for dimension.
- ▶ Beautifully accentuates gables and dormers. This profile has a 7" exposure.

PERFECTION SHINGLE

- ▶ Clean lines and deep textures create the perfect balance.
- ▶ Random widths and highlighted grains add tradition. This profile has a 7" exposure.
