## NailRIGHT<sup>™</sup> SIDING INSTALLATION SYSTEM

SAFE, SECURE INSTALLATION

Your professional installation crew takes every possible precaution to make sure your new siding looks and performs its best.

They use the Norandex proprietary **NailRIGHT<sup>®</sup>** Siding Installation System to help them locate and precisely nail into the framing studs. This is a very important detail because misapplied nails can cause siding to buckle, blow off in windy conditions, or be hazardous if they strike wiring or plumbing located between the studs.

**NailRIGHT** helps ensure an accurate and safe installation. It securely connects the siding to the wall for optimum performance. This means the beautiful siding you select will not only stand out, but will stay up, even in extreme weather conditions.

Beauty and Performance. It's the perfect siding combination to make the exterior of any home...perfect.

### AVOID:

Hidden Dangers

Nails that miss their mark can be potentially hazardous to items, like wiring and plumbing, located in the cavities between studs.

Blow Off

**NailRIGHT** helps guide the installer to the studs for an installation that's strong, secure and resistant to blow offs.

Unnecessary Nail Usage

**NailRIGHT** assures the proper amount of nails are used, saving your home from unnecessary hammer hits.

THE "X" APPEARS EVERY 8" ON THE NAILING HEM AS A GUIDE TO HELP DETERMINE LOCATION OF HIDDEN WALL STUDS.

COMPLEMENT YOUR NEW SIDING WITH  
OTHER QUALITY EXTERIOR PRODUCTS

Your home deserves the best. That's why, in addition to siding, we offer other top quality products to beautify and protect your home from the top down. Whether it's entry doors, energy-efficient windows, soffit, trim, or metals, you can rest comfortably knowing you've finished your home with performance products that are among the best the industry has to offer.
